

Hazera Seeds Inc. presents:
Open Field Varieties

Tycoon

Trial Data*

Tycoon is a TYLCV resistant beef variety with high yield and good quality fruit. It has a very good leaf coverage that protects the fruit from sun burns.

Resistances: Vd, Fol (race 1,2), ToMV, Mj* *, TSWV, TYLCV.

Galilea

Trial Data*

Galilea is an extremely productive Roma tomato with premium fruit quality. It has a very strong and productive plant that can produce excellent quality fruit over a long production season. Resistances: Vd, Fol (race 1,2), ToMV, Pst, TSWV.

* Trial Data only - see note below

** Soil temperature above 27°C and other stresses may cause resistance to break
